

# Stand and Deliver!

(Word Wall Chant)

## Why?

- Opportunity to interact with word wall words
- Risk free spelling practice
- Kinesthetic, multi-modality activity
- Provides listening practice
- Opportunity to **move!**

## How?

- Give each student in the class an assigned letter for the activity. Clearly designate which section(s) of the word wall you are going to be spelling together.
- Whole class calls out one word at a time from the word wall, moving from top to bottom and left to right. Individual students quickly stand up, call out their letters as they appear in the word, and then sit down.
- Whole class rises and says the word together.
- Continue with the remainder of the list without stopping between words.
