We learn about
insects.

We learn about
insects.

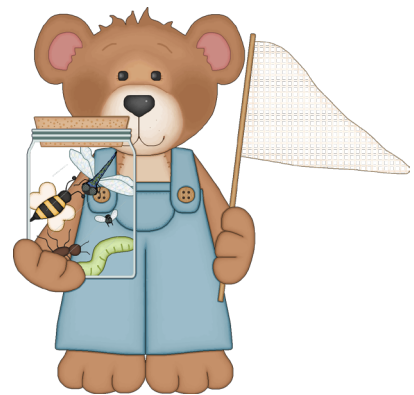

We learn about
insects.

We learn about
insects.

We keep them
in a jar.

We keep them
in a jar.

We keep them
in a jar.

We keep them
in a jar.

We study them
on rocks . . .

We study them
on rocks . . .

We study them
on rocks . . .

We study them
on rocks . . .

and in the air.

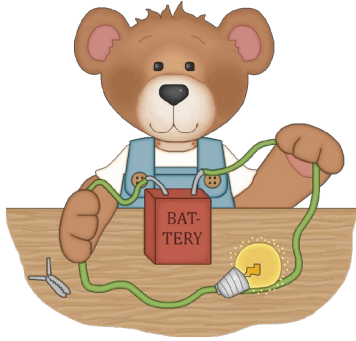

and in the air.

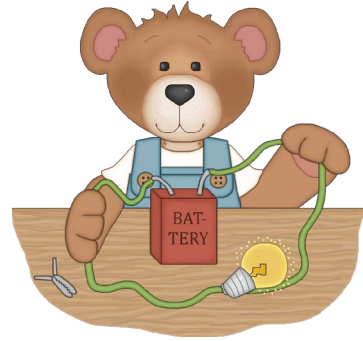

and in the air.

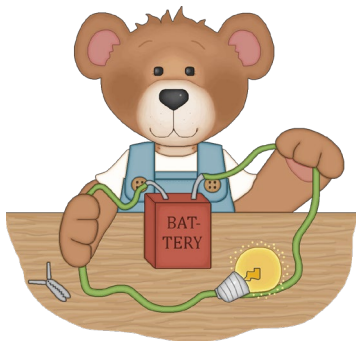

and in the air.

We study
electricity . . .

We study
electricity . . .

We study
electricity . . .

We study
electricity . . .

and we study
space.

and we study
space.

and we study
space.

and we study
space.

We learn about
plants.

We learn about
plants.

We learn about
plants.

We learn about
plants.

We use a
computer,

We use a
computer,

We use a
computer,

We use a
computer,

a telescope,

a telescope,

a telescope,

a telescope,

safe equipment,

safe equipment,

safe equipment,

safe equipment,

and a microscope.

and a microscope.

and a microscope.

and a microscope.
